**Claims:**

~~Claims 1-11 (canceled), and Claims 12-32 (not entered),~~

Claims 1-32 (cancelled) and substitute,

currently amended and previously presented Claims 33-52, below.

Claim 33 (currently amended): Combining:

- (a) first means for etching, creating, or forming, of symbols/scenes into or onto the surfaces of MEMS mirrors, and exit mirrors of lasers, and the like;
- (b) second means for creating images of said symbols;
- (c) third means for switching of said images, and;
- (d) fourth means for transmitting said images.

34 (previously presented): The symbols of Claim 33 wherein said symbols are alphanumeric symbols.

35 (previously presented): The symbols of Claim 33 wherein said symbols have a predetermined size.

36 (previously presented): The symbols of Claim 33 wherein said symbols have an extremely small size.

37 (previously presented): The images of Claim 33 wherein said images are formed with laser light pulses.

38 (previously presented): The laser light pulses of Claim 37 wherein said pulses have a predetermined duration.

39 (previously presented): The laser light pulses of Claim 37 wherein said pulses have a very short duration.

40 (previously presented ): The laser light pulses of Claim 37 wherein said pulses have a predetermined dimension, size.

41 (previously presented ): The laser light pulses of Claim 37 wherein said pulses have an extremely small dimension; diameter, and the like.

Claim 42 (currently amended): In combination:

- (a) first means, symbols  
into the mirror surfaces of the group,  
MEMS, and lasers, and the like;
- (b) second means, images of said symbols;
- (c) third means, switches of said images, and;
- (d) fourth means, transmitted images.

43 (previously presented): The first means of Claim 42 wherein said  
symbols are etched into surfaces.

44 (previously presented): The symbols of Claim 42 wherein said  
symbols are alphanumeric symbols.

45 (previously presented): The symbols of Claim 42 wherein  
said symbols have a predetermined size.

46 (previously presented ): The symbols of Claim 42 wherein  
said symbols have an extremely small size.

47 (previously presented): The second means of Claim 42 wherein images  
are created with laser light pulses.

48 (previously presented): The laser light pulse images of Claim 47  
wherein the pulse images have a predetermined duration.

49 (previously presented ): The laser light pulse images of Claim 47  
wherein the pulse images have a very short duration.

50 (previously presented ): The laser light pulse images of Claim 47  
wherein the pulse images have a predetermined dimension.

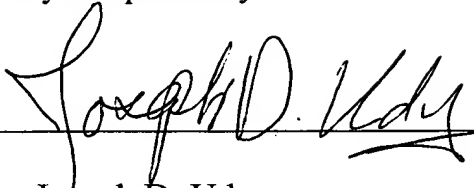

51 (previously presented): The laser light pulse images of Claim 47  
wherein the pulse images have an extremely small  
dimension, diameter, and the like.

Claim 52 (currently amended): Symbols/scenes, first means,  
represented, second means, and  
transmitted, fourth means, as  
laser pulse images of said symbols/scenes,  
and the devices, which create, second means, said images  
and the systems, which switch, third means, said images.
